

Furnishings are now in our building!

Thursday, 07 April 2011 22:30

Community Church is furnished! Twenty members of our congregation met to un-box our new chairs, tables, and spanking new podium on Wednesday, April 6th. In addition, we managed to move many items from our "temporary annex" (our home for almost four years) into our new building. I believe I was the youngest of those twenty--and I am 62!!!

It was a long day of labor but we met all our goals for the day. Several new pictures may help you see the joy we are now feeling as we resurrect our church life in a space designed for worship, fellowship, and religious education.

We are most grateful for all the support we have received. Thanks to all of your help we are now looking forward with great joy to our Building Dedication ceremony on Sunday, April 10.

Jim VanderWeele
